Tricon Announces Fourth Quarter and Year-End 2010 Results

Toronto, Ontario – March 3, 2011 – Tricon Capital Group Inc. (TSX: TCN) (“Tricon” or the “Company”) today announced its results for the fourth quarter and year ended December 31, 2010. Financial Statements and Management’s Discussion and Analysis are available on the Tricon website at www.triconcapital.com and have been filed on SEDAR. Results are prepared in accordance with International Financial Reporting Standards (“IFRS”) and presented in Canadian dollars rounded to the nearest thousand, unless otherwise noted.

Highlights:

- Performance Fees for the year were up \$946,000 or 82% from 2009, resulting in 2010 revenues being 2% higher than 2009.
- Adjusted EBITDA of \$6,034,000 for the year was 7% lower than in 2009. The decline is partly a consequence of unfavorable foreign exchange fluctuations as well as lower AUM.
- Second quarterly dividend of 6 cents per share was declared in Q4 2010 and paid in January 2011.
- Fundraising efforts for Canadian fund Tricon XII which commenced in Q4 2010 have been well received and a first close is expected by Q2 2011. Fundraising efforts will continue throughout 2011 with a final close one year after initial close.
- Final preparations were made for the proposed launch of successor U.S. distressed fund Tricon XI in Q1 2011, in line with previous expectations.

“At the end of our first year as a public company, we are very pleased with our achievements and solid financial results,” said David Berman, Chairman and Chief Executive Officer. “Despite a volatile and challenging market, we successfully completed our IPO, initiated quarterly dividend payments and began fundraising efforts for Tricon XII, our Canadian successor fund. All these, together with increased performance fees and revenues, demonstrate the strength and resilience of our business model and position Tricon for future growth and success. Our three most current and active funds, Tricon VIII through X, continue to perform well and with Tricon XI and Tricon XII in the marketing phase, we are positive about the Company’s outlook.”

⁽²⁾ Tricon measures the success of its business by employing several key performance indicators which are not recognized under IFRS, including AUM, EBITDA, Adjusted Base EBITDA, Adjusted EBITDA and Adjusted Net Income. These indicators should not be considered an alternative to IFRS financial measures such as Net Income. Non-IFRS financial measures do not have standardized definitions prescribed by IFRS and are therefore unlikely to be comparable with other issuers or companies. Refer to our Management & Discussion Analysis for a reconciliation of the Non-IFRS measures to the closest comparable IFRS measures.
